## Description :

Prsentation de l'diteurAfter the acclaimed indie film Save the Date and the bestselling all-ages humor book Darth Vader and Son, graphic novelist Jeffrey Brown (Clumsy, Unlikely) returns to the autobiographical work that first made his reputation. In A Matter of Life, Jeffrey Brown draws upon memories of three generations of Brown men: himself, his minister father, and his preschooler son Oscar. Weaving through time, passing through the quiet suburbs and colorful cities of the midwest, their stories slowly assemble into a kaleidoscopic answer to the big questions: matters of life and death, family and faith, and the search for something beyond oneself.Prsentation de l'diteurAfter the acclaimed indie film Save the Date and the bestselling all-ages humor book Darth Vader and Son, graphic novelist Jeffrey Brown (Clumsy, Unlikely) returns to the autobiographical work that first made his reputation. In A Matter of Life, Jeffrey Brown draws upon memories of three generations of Brown men: himself, his minister father, and his preschooler son Oscar. Weaving through time, passing through the quiet suburbs and colorful cities of the midwest, their stories slowly assemble into a kaleidoscopic answer to the big questions: matters of life and death, family

and faith, and the search for something beyond oneself. Biographie de l'auteur Jeffrey Brown is the best selling author and illustrator of the middle grade Jedi Academy series, as well as the Darth Vader and Son series. When he was a kid, Jeffrey always dreamed of growing up to draw comics and make books for a living and now he's living that dream! Jeffrey has written a number of autobiographical books for adults (Clumsy, Unlikely, and A Matter of Life, among others, all from Top Shelf Productions), humorous graphic novels about cats (Cat Getting Out of a Bag, Cats Are Weird, from Chronicle Books), and parodies like Incredible Change-Bots (and its two sequels, all also from Top Shelf). His most recent project has been 40,000 years in the making: Lucy Andy Neanderthal! Lucy and Andy are a brother and sister living in the stone age, where they struggle to survive mammoths, cave bears, and their own sibling rivalry. Lucy Andy Book Two: The Stone Cold Age is available now.
