Description :

Prsentation de l'diteurA sassy and entertaining illustrated debut from Cathy Brett Pyromania: A mental derangement, excitement or excessive enthusiasm for fire. Having celebrity parents isn't as hot as it sounds. Yes, there's money to burn, fame and some totally smoking guys...But when your dad's more interested in blazing a trail to the top of the charts than why you got kicked out of school, again, it can make you seriously angry. And if there's one thing Ember knows, it's that the smallest spark of anger can ignite a whole heap of trouble...Prsentation de l'diteurA sassy and entertaining illustrated debut from Cathy Brett Pyromania: A mental derangement, excitement or excessive enthusiasm for fire. dad's more interested in blazing a trail to the top of the charts than why you got kicked out of school, again, it can make you seriously angry. And if there's one thing Ember knows, it's that the smallest spark of anger can ignite a whole heap of trouble...Biographie de l'auteurCathy Brett has been scribbling stuff since she could hold a crayon - on paper, on walls, sometimes on her sister! At school she was hopeless at maths and cross-country running but quite good at scribbling and doodling (achieving A-Levels in both). She attended Doodling College then doodled professionally for a number of years - as a fashion illustrator, as a jet-setting spotter of global trends and as a consultant to the behemoths of the British high street - until trying children's book doodling and having a go at scribbling them too. She lectures in design and visits schools around the country, trying to convince students, teachers and parents that scribbling and doodling are proper jobs.
