 Read Online

Description : Description du produitThe word-of-mouth phenomenon read online by over 50,000 readers is now available in print! Telling the story now, I'm tempted to say something like, "Who would have thought that John would help bring about the end of the world?" I won't say that, though, because most of us who grew up with John thought he would help end the world somehow. It's a drug that promises an out-of-body experience with each hit. On the street they call it Soy Sauce, and users drift across time and dimensions. But some who come back are no longer human. Suddenly a silent otherworldly invasion is underway, and mankind needs a hero. What it gets instead is John and David, a pair of college dropouts who can barely hold down jobs. Can these two stop the oncoming horror in time to save humanity? No. No, they can't.

Prsentation de l'diteurMy name is David Wong. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrock, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defence is knowledge. You need to read this book, to the end. Even the part about the bratwurst. Why? You'll just have to trust me. Unfortunately for us, if you make the right choice, we'll have a much harder time explaining how to fight off the otherwordly invasion currently threatening to enslave humanity. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: NONE OF THIS IS MY FAULT...Revue de presseJohn Dies at the End...[is] a case of the author trying to depict actual, soul-sucking lunacy, and succeeding with flying colors." FangoriaDavid Wong is like a mash-up of Douglas Adams and Stephen King . . . page-turner is an understatement. --Don Coscarelli, director, Phantasm I V and Bubba Ho-tep David Wong has managed to write that rarest of things - a genuinely scary story. -David Wellington, author of Monster Island and Vampire Zero"The rare genre novel that manages to keep its sense of humor strong without ever diminishing the scares." --The Onion AV Club Sure to please the Fangoria set while appealing to a wider audience, the book's smart take on fear manages to tap into readers' existential dread on one page, then have them laughing the next. Publishers Weekly"When it s funny, it's laugh-out-loud funny, yet when the situation calls for chills, it provides them in spades."--Kirkus s The book takes every pop culture trend of the past twenty years, peppers it with 14-year-old humor, and blends it all together with a huge heaping of splatterpunk gore.... Successfully blend[s] laugh-out-loud humor with legitimate horror. i09.com"A buddy comedy with real heart. And brains. Lots of brains ... John Dies at the End's biggest success is that its leads react almost as exactly as we would: a bit crazy, a bit brave and a whole lot of 'what the f-?' 4/5 stars." --Sci-Fi NowPrsentation de l'diteurMy name is David Wong.
