Description : Description du produitIt's not just a trilogy any more. In the fifth book of this popular series, Arthur Dent makes the terrible mistake of starting to enjoy life, and immediately all hell breaks loose. In short, it's up to him to save the world from total multi-dimensional obliteration, the Guide from a hostile alien takeover, and the daughter he never knew he had, from herself. A tall order, to say the least. And one he's really not up to, thank you very much."Douglas Adams is a terrific satirist....He is anything but harmless."THE WASHINGTON POST BOOK WORLD

Prsentation de l'diteurMostly Harmless is the fifth and final part in Douglas Adams' much-loved cult classic series. Arthur Dent hadn't had a day as bad as this since the Earth had been blown up. After years of galactic wanderings, Arthur finally settles on the small planet Lamuella and becomes a sandwich maker. Looking forward to a quiet life, his plans are thrown awry by the unexpected arrival of his daughter. There's nothing

worse than a frustrated teenager with a copy of the Hitchhiker's Guide to the Galaxy in their hands. When she runs away, Arthur goes after her determined to save her from the horrors of the universe. After all - he's encountered most of them before . . .With exclusive bonus material from the Douglas Adams archives, and an introduction by Dirk Maggs.From Publishers WeeklyIn this installment of the The Hitchhiker's Guide to the Galaxy saga, Ford Prefect of the planet Betelgeuse relies on serendipity and his own quick wits to protect a new edition of the Hitchhiker's Guide from the loathsome Vogons. A 12-week PW bestseller in cloth.

Copyright 1993 Reed Business Information, Inc.From AudioFileFord Prefect, Arthur Dent, and the usual cast of characters are back in the late Douglas Adams's MOSTLY HARMLESS, an installment of the HITCHIKER'S GUIDE TO THE GALAXY. Adams does a stellar job reading his own words as he captures his own dry wit, wry sense of humor, and gift for overstating the obvious. As each scene unfolds and each character appears, Adams takes great delight in the absurdity of the universe he has created, and his own entertainment comes across brilliantly in the reading. Any fan of the Hitchhiker's Guide will enjoy this turn of events as much as the author's interpretation of his work in this thoroughly enjoyable nugget of mind candy. H.L.S.
